The Radiant Fox

Featuring LILFOX

LILFOX's ritual lures you into a mystical world of plant alchemy with its aromatic line of botanical skin and body care. This sensory immersion begins with a grounding ritual, followed by a two-step cleanse to remove buildup followed by a light steam and floral and honey mask to soften and hydrate skin while your decolléte, arms and hands are being bathed in exotic essences. A decadent exfoliation helps detoxify and prime skin for the mineral and gemstone-infused brightening treatment that follows. Small batch, high vibration hydrosols keep skin hydrated and mood elevated throughout this botanical baptism.

The Hawaii Five-O

Featuring Honua Skincare

The Hawaii FIVE-O facial brings the Aloha spirit and traditional Hawaiian botanicals to the mainland. Crafted in partnership with Honua Skincare, this exclusive facial bathes skin in nut butters, oils and exotic flower essences all abundant in vitamins, minerals and antioxidants that are essential to supple, glowing, skin. A double-cleanse is followed by a coconut-charcoal-chili pepper mask that stimulates the experience of microcirculation. A second mask soothes and cools, providing satisfying relief while décolleté, arms and hands are massaged to relieve lingering stress. An application of a turmeric-infused treatment further balances skin tone, followed by an herbal infusion of noni and hibiscus to impart that Aloha glow.

The Ceremony

Featuring Ayuna

Breathe 'Beautifulness' in, exhale toxicity out. Rooted in the principles of mindfulness and the science of epigenetics, Ayuna brings cutting edge clean technology to this WELL AGING facial that integrates meditation and breathwork into an advanced protocol that improves the appearance of skin texture, wrinkles, redness, elasticity and dark spots. After a purifying cleanse, skin is activated by a gentle pre-exfoliation utilizing carbon dioxide to stimulate microcirculation. A two-step exfoliation follows, including an alpha-amino acid peel and a manual polish. After a firming, sculpting massage, a volcanic ash mask is painted on to tighten and contour, leaving a lifted appearance.

Teen Spirit Facial

A Hero Worship tailored to address the unique concerns of teenage skin, this facial focuses on gentle cleansing and exfoliation, extractions, if necessary, and a detoxifying treatment mask that will support skin coming into balance. Throughout the treatment, our skin therapist will educate you on healthy skin habits so you can develop good skincare and makeup routines at home. Parents are welcome in the room to accompany their teen if desired.

Gua Sha Facial Sculpting Treatment

Based on the Traditional Chinese Medicine practice of gua sha stone massage that has been used for centuries to address a wide variety of health concerns, gua sha has the added benefit of leaving the skin and fascia below appearing lifted, more toned and sculpted.
